From the desk of Principal Roth:

Great things are happening at Bright! We are working hard in our academics, and making gains every day. While this is very important, I am going to focus on something equally important to Bright Elementary, our willingness to help others. I am happy to announce that we raised \$16,000 for the American Heart Association. Also, the Bright Festival was a HUGE success, bringing funding for the STEM Lab and other school needs. The Cards for a Cause Fundraiser also helped our school raise money for the STEM lab. These contributions would not have been possible without the outstanding support from our families and our community. Thank you!

From the desk of Guidance Counselor Ruwe:

Habit 6: Synergize

I value other people's strengths and learn from them. I get along well with others, even people who are different than me. I work well in groups. I seek out other people's ideas because I know that by teaming with others, we can create better solutions than what any one of us could alone. I look for alternatives.
